## CITY OF EVANSVILLE:

WEDNESDAY MORNING, MAY 31.

TRUTH LEARING OUT .- The editor of the Vanderburgh Democrat specseded in his paper of Saturday last, in proving to his own satisfaction, and, no doubt, to the satisfaction of the public, that the party with which he fraternizes is no better than they should be-that a "Tory is synonymous with Robber and Murderer." We have had our own opinion about this matter for some time, but we prefer always that our opponents should draw their own likenesses; they can paint nearer to life than Whigs. According to the Democrat, the party who have all along succeeded "in depriving and defrauding the people of their just rights, and monopolizing them for their own benefit" is the "Tory party," So we think; but we can hardly believe the locofoco leaders and aspirants hereabouts will thank the editor for exposing their corruption just at this time, when they are busy in making their setime, when they are busy in making their selection of leaders for the approaching campaign.

Every one knows without being told by the power for the last twenty years or more, but few were prepared for his admission that during all that time the leaders have succeeded in "depriving and defrauding" the masses of their "just rights," It is true in our paper of the surface of the surface of the surface of the spiral.—Kerry Examiner.

The Late Maj. Mahon's Evictions.—

Right Rev. Dr. Biown, Bishop of Elphin, has addressed a letter to Lord Shrewsbury, containing an appalling list of the victims ejected in each barony, along with the names of the heads of the families ejected, containing 1,006.

The Viscount, with all the consummate tact of an able general, made immediate arrange-successed a letter to Lord Shrewsbury, conduct it, and so well seconded was be by the troops, that the lime-kiln was surrounded, and the insurgent party seized without the loss of the names of the heads of the families ejected containing 1,006.

We think with the editor of the Democrat that he has "sketched" the Locofoco or "Tory" party very correctly, and that the party have their "just rights," It is true in our paper of the success of the proposed of the success If that term suits the Democrat better-mem- for their own benefit." bers of the locofoco convention which nominated Mr. Polk, amounting to the very respectable sum of six hundred and ninety-six thou- the reins of government, hence, all the Amerilars a head. A pretty round price for locofoco skulls it must be admitted, and rather more than the editor of the Robbers. Fearing the list we published of James K., was the greatest friend to the having been invited to the soirce advertised, am convinced that Government cannot confion Saturday—which, no doubt, caused the great British in all the State of North Carolina, and to be given last night. In the evening, pre- dently calculate on the assistance of the North- 1 Catholic clergyman and 1 Protestant Clergy- the moment has arrived for the Provisional on Saturday—which, no doubt, caused the great outcry of the Democrat—may have been overlooked by some, we here append it, and re-looked by the neck from a rope fastened by the neck from a rope fa tains the names of only thirty seven out of two pleasant reminiscences your head will roll in ed to a long pole. Another table which has just met our eyeand which, no doubt, the Democrat has pasted a quaint old English poet says: in his scrap book-taken from an official report of the Adjutant General, will satisfy the erder why, according to the Democrat, a lococoloco, or "Tory" is synonymous with "Murderer." The Democrat has no intention of dothings by halves. If the leaders of the locoloro party are "Murderers" as well as "Robbers" and "Tories," he will tell them so.
